Last updated: 25 September 2026

This legal notice (the "**Notice**") is supplemental to, and shall be read in conjunction with, the Terms and Conditions and the Privacy Policy. Capitalised terms not defined herein bear the meanings ascribed to them in the Terms and Conditions. In the event of any conflict, the Terms and Conditions shall prevail.

1.1 The Service is published and operated by Millen Batra, an individual trading as "Outranked".

1.2 Email: outranked.team@gmail.com. Website: outranked.live.

1.3 Outranked is not a registered company and has no company registration number or VAT registration number.

2. Intellectual property

2.1 The Service and all content, software, scoring methodology, databases, text, graphics, designs and other materials comprised therein are protected by copyright, database rights and other intellectual property rights, and are owned by Millen Batra and the contributors to the Service, or by their licensors. © 2026 Outranked. All rights reserved.

2.2 "Outranked" and the Outranked logo are trading names and marks used by Millen Batra. No licence to use any such name or mark is granted, whether by implication, estoppel or otherwise.

2.3 Save as expressly permitted by the Terms and Conditions, no part of the Service may be reproduced, distributed, adapted, republished or commercially exploited without our prior written consent.

3. No professional advice

3.1 Nothing on or generated by the Service constitutes academic, careers, financial, investment, tax, legal, medical, fitness, nutritional or psychological advice. You should seek appropriately qualified professional advice before making any decision on any such matter.

4. Automated and AI-generated content

4.1 Certain Scores and associated commentary are generated by automated processing, including by artificial intelligence models provided by Anthropic. Such outputs are probabilistic, may contain errors or omissions, and do not reflect the personal opinion or judgement of any individual associated with Outranked.

4.2 Percentiles and comparative outputs are calculated against a calibration dataset which includes a synthetic reference cohort of approximately two thousand (2,000) records modelled on published United Kingdom university statistics. They are estimates and do not describe your standing relative to any real population.

5. Accuracy of information

5.1 Whilst we endeavour to keep the Service accurate and current, we make no representation or warranty, express or implied, as to the accuracy, completeness, reliability or timeliness of any information on or generated by the Service, including information supplied by other users or by third-party services.

5.2 Scores and profile information displayed in respect of other users are derived, in whole or in part, from information those users have provided or connected. We do not verify self-reported information and accept no responsibility for it.

6. MCP server and third-party clients

6.1 Artificial intelligence assistants and other third-party clients connected to the Service through the MCP operate independently of us. We do not control, endorse or accept responsibility for such clients, their outputs, or their handling of any data you choose to route through them.

7. External links and services

7.1 The Service may contain links to third-party websites and services. Such links are provided for convenience only. We have no control over, and accept no responsibility for, the content, availability, terms or privacy practices of any third party.

8. Liability

8.1 Our liability in connection with the Service is governed exclusively by clause 15 of the Terms and Conditions, which is incorporated into this Notice by reference.

9. Reporting infringement or abuse

9.1 If you believe that any material on the Service infringes your intellectual property rights, or that any content or conduct contravenes clause 8 of the Terms and Conditions, please notify us at outranked.team@gmail.com with sufficient detail to enable us to identify the material concerned. We shall review all such notifications and take such action as we consider appropriate.

10. Governing law

10.1 This Notice, and any dispute or claim (whether contractual or non-contractual) arising out of or in connection with it, shall be governed by the laws of England and Wales and subject to the jurisdiction provisions of clause 19 of the Terms and Conditions.

Privacy Policy

Last updated: 25 September 2026

This policy explains what personal data Outranked collects, why, who sees it and what your rights are. It is written in plain English because the law requires it.

1. Who we are

Outranked is run by Millen Batra, an individual trading as Outranked. Millen Batra is the data controller. Contact: outranked.team@gmail.com.

2. What we collect

What	Examples	Where it comes from
Account details	Email address, password (held securely by our login provider), first name, username	You
About you	Date of birth or age, country	You
Career and education	Education stage, university, subject, graduation date, academic achievements, employer, role, company description, type of work	You
Finances	Exact salary and exact net worth	You
Gym	Bench press, squat and deadlift in kg	You
X-Factor	A short description of what makes you stand out (up to 150 words)	You
Scores	Your Outranked score, pillar scores, percentile, rank, breakdowns and AI-generated commentary	Generated by us

Social	Friends, friend requests, invite codes, head-to-head comparisons	You and other users
Effort and goals	Effort logs, reflections and improvement goals	You
Technical	Login session stored in your browser, server logs such as IP address and request times	Your device

We do not ask for health, ethnicity, religion, sexuality or political information. Please do not include it in any free-text answer.

3. Why we use it, and our legal basis

Purpose	Legal basis
Creating your account and generating your scores	Contract: we need it to provide the Service
Showing your information to other users (see section 4)	Your consent, which you can withdraw at any time
Friends, invites, search and head-to-head	Contract
Keeping the Service secure, fixing bugs and preventing abuse	Legitimate interests
Improving and calibrating the scoring methodology	Legitimate interests

4. What other users can see

If you submit your information for scoring, every other registered user can see: your username, score, percentile, rank, pillar scores and the full breakdown of each pillar. That breakdown includes your university, subject, employer, role, **exact salary, exact net worth, age and lifts**, plus the AI commentary on your inputs.

Other users cannot see your email address, your effort logs or reflections, or the free-text descriptions you wrote.

This information can appear on the leaderboard, in search, in head-to-head comparisons, to your friends and through the Outranked MCP. You agree to this separately before your first score. To withdraw, email us; we will remove your information from view within a reasonable time. We cannot recall what others have already seen.

5. Automated scoring

Your scores are produced automatically. Gym and Finances are calculated by fixed formulas against published benchmarks (Strength Level, ONS). Career & Academics and X-Factor are assessed partly by an AI model (Anthropic's Claude) using a published rubric. Percentiles compare you against a reference cohort that includes about 2,000 synthetic profiles modelled on UK statistics.

Scores do not produce legal effects or similarly significant effects on you. No human reviews each score. If you think a score is wrong, email us and a person will look at it.

6. Who we share it with

We do not sell your data or use it for advertising. We share it only with:

Recipient	What for	Location
Supabase	Database and login	Ireland (EU)
Render	Runs our backend	European Union or United States
Lovable	Hosts the website	Global content delivery network
Anthropic	AI scoring of your career, education and X-Factor text	United States

Other users	As described in section 4	Worldwide

Anthropic receives your university, subject, achievements, employer, role, company description and X-Factor text, not your name or email. AI results are cached so identical text is not sent twice.

Where data goes outside the UK, we rely on UK adequacy regulations where they exist, and otherwise on the ICO's International Data Transfer Agreement or Addendum.

7. How long we keep it

We keep your data while your account exists. When you ask us to delete your account, we delete your personal data within one month, except where the law requires us to keep it. Effort logs expire automatically. Cached AI results are stored against a code derived from the text, not your account. Server logs and backups are kept for up to 30 days.

8. Your rights

You can ask us to:

- give you a copy of your data
- correct it
- delete it
- restrict or object to how we use it
- send it to you in a portable format
- withdraw your consent to your information being shown to other users

Email outranked.team@gmail.com. We will reply within one month, free of charge.

9. Age

Outranked is for people aged 18 and over. If we learn that someone under 18 has an account, we will delete it.

10. Security

We use access controls, encrypted connections and a reputable database provider. No system is completely secure. If a breach puts you at high risk, we will tell you without undue delay.

11. Browser storage

We store your login session and a remembered-account shortcut in your browser so you stay signed in. We do not use advertising or analytics cookies.

12. Complaints

If you are unhappy with how we handle your data, email us first. We will acknowledge your complaint within 30 days and respond without undue delay. You can also complain to the Information Commissioner's Office at ico.org.uk or 0303 123 1113.

13. Changes

If we make a significant change to this policy, we will tell you by email or in the app before it takes effect.
